1. Motivating the freshly enrolled students.

We have an age old tradition in motivating our freshly enrolled students to our college by arranging a motivational talk by some of our alumni. The alumni take an active role in introducing the college and the faculty to the fresher and also in helping them to settle down in the new atmosphere. The fresher is asked to be with hope and to set up an ambition of becoming a teacher and to be guiding lamp to the young students who are the future of tomorrow. The alumni also assure them that the college is equipped with the best teaching and learning resources, practical exposure and fine tuning in teaching methods and approaches helping the student teachers to shape their life and career for a challenging world of tomorrow.

Motivating the freshly enrolled students

4. Support to curriculum delivery

The alumni of our college take active part in support to the curriculum delivery such as presenting the demonstration lessons in their concerned pedagogy and perspective papers, supporting in curriculum delivery by giving lectures to all our students of first and second year. There is an active interaction between the students of the present batch and the alumni in the curriculum delivery. They also take active role in demonstrating the lessons for the of the school subjects before the internship program to the students of second year, fourth semester before the internship program. An exposure is created to the students to know the real classroom situation while demonstrating the lessons in presence of the school students as the participants for the classroom demonstration. The alumni and the students of the fourth semester enjoy the process of teaching-learning situation and exchange their view and provide feedback on the lessons delivered by the alumni and an rapport is established between the alumni and the present batch students. Thus the alumni play an important role.

5. Student Mentoring

The alumni have an active role in student mentoring providing guidance, support and encouragement and to help them achieve their academic and professional goals. The alumni provide group mentoring to the students of first and second year and sometimes if required one-on-one mentoring is advised. Student mentoring is a supportive and often transformational relationship where alumni provide guidance, advice and encouragement to the existing batch students and fosters personal and academic growth and development of essential life skills.

The alumni advise the students to follow study techniques, improve study skills, time management and to understand the course material. The alumni share their own experience on their path for professional growth, their struggle and the hurdles in reaching their paths. They advised the students to set in their career paths, and to encourage the students to have personal growth and to develop self-confidence.

The students are asked to reflect on their progress and also to have a constructive feedback by the peer mentoring and by the teaching fraternity. The students were asked to serve as a positive role model in their professional life and thus a successful mentoring can build a rapport with the students and develop the bond of trust and hence can develop a healthy communication contributing to a significant enhancement in student's performance and student's educational experience and future prospectus.

6. Financial Contributions

Financial contributions by alumni are a crucial source of funding for educational institutions. The alumni support a variety of needs in the regular institutional functioning. Our alumni of 2012 batch have gifted 30 chairs and few of the alumni have donated books for the library usage. Students have given donations to the alumni A/C for college development.

7. Placement advice and support

Seeking advice and support from alumni can be extremely beneficial when preparing for job placements. Providing effective placement advice and support for the students and recent graduates is essential in helping students transition from education to the workforce.

The placement cell provides advice and support to each student of the institution for attending the interview scheduled by the placement cell. Some of our alumni who are working as the heads of the institutions recruit the eligible and qualified candidates for the post of teachers through scheduling interviews through our functioning placement cell and some of our alumni who are working as teachers take an initiative in sending the job links and paper cuttings in the whatsapp group chat helping the needy graduate get recruited and get benefited.

Report of alumni Participation in institutional functioning for last completed academic year

Alumni participation in institutional functions can significantly impact various aspects of our institution. Here are some key areas where alumni involvement is essential.

1. Mentorship and career Support

The alumni mentor current students providing guidance on career choices, academic paths and for their personal development. They also offer job placements, internships and career advice and leveraging their professional connections.

2. Guest Lectures and Special Talks

Alumni with expertise in various fields provide guest lectures and special talks enriching their academic experience.

3. Events and Reunions

Regular events, reunion and networking help us to maintain strong bonds among alumni and between alumni and the institution. In order to have an intact with the alumni we have alumni whatsapp group according to their respective batches and the students and the staff are active in sending the relevant posts related to job vacancy and events and reunions to be made in the college.

Overall involvement of alumni enhances the institution growth, sustainability and engagement that ensure a vibrant and supportive community that benefits both current students and the institution as a whole.

They also take active role in demonstrating the lessons for the of the school subjects before the internship program to the students of second year, fourth semester before the internship program. An exposure is created to the students to know the real classroom situation while demonstrating the lessons in presence of the school students as the participants for the classroom demonstration. The alumni and the students of the fourth semester enjoy the process of teaching-learning situation and exchange their view and provide feedback on the lessons delivered by the alumni and an rapport is established between the alumni and the present batch students. Thus the alumni play an important role.

5. Student Mentoring

The alumni have an active role in student mentoring providing guidance, support and encouragement and to help them achieve their academic and professional goals. The alumni provide group mentoring to the students of first and second year and sometimes if required one-on-one mentoring is advised. Student mentoring is a supportive and often transformational relationship where alumni provide guidance, advice and encouragement to the existing batch students and fosters personal and academic growth and development of essential life skills.

The alumni advise the students to follow study techniques, improve study skills, time management and to understand the course material. The alumni share their own experience on their path for professional growth, their struggle and the hurdles in reaching their paths. They advised the students to set in their career paths, and to encourage the students to have personal growth and to develop self-confidence.

The students are asked to reflect on their progress and also to have a constructive feedback by the peer mentoring and by the teaching fraternity. The students were asked to serve as a positive role model in their professional life and thus a successful mentoring can build a rapport with the students and develop the bond of trust and hence can develop a healthy communication contributing to a significant enhancement in student's performance and student's educational experience and future prospectus.

6. Financial Contributions

Financial contributions by alumni are a crucial source of funding for educational institutions. The alumni support a variety of needs in the regular institutional functioning. Our alumni of 2012 batch have gifted 30 chairs and few of the alumni have donated books for the library usage. Students have given donations to the alumni A/C for college development.

Chairs contributed by our proud Alumni

7. Placement advice and support

Seeking advice and support from alumni can be extremely beneficial when preparing for job placements. Providing effective placement advice and support for the students and recent graduates is essential in helping students transition from education to the workforce.

The placement cell provides advice and support to each student of the institution for attending the interview scheduled by the placement cell. Some of our alumni who are working as the heads of the institutions recruit the eligible and qualified candidates for the post of teachers through scheduling interviews through our functioning placement cell and some of our alumni who are working as teachers take an initiative in sending the job links and paper cuttings in the whatsapp group chat helping the needy graduate get recruited and get benefited.

Report of alumni Participation in institutional functioning for last completed academic year

Alumni participation in institutional functions can significantly impact various aspects of our institution. Here are some key areas where alumni involvement is essential.

1. Mentorship and career Support

The alumni mentor current students providing guidance on career choices, academic paths and for their personal development. They also offer job placements, internships and career advice and leveraging their professional connections.

2. Guest Lectures and Special Talks

Alumni with expertise in various fields provide guest lectures and special talks enriching their academic experience.

3. Events and Reunions

Regular events, reunion and networking help us to maintain strong bonds among alumni and between alumni and the institution. In order to have an intact with the alumni we have alumni whatsapp group according to their respective batches and the students and the staff are active in sending the relevant posts related to job vacancy and events and reunions to be made in the college.

Overall involvement of alumni enhances the institution growth, sustainability and engagement that ensure a vibrant and supportive community that benefits both current students and the institution as a whole.
