

**SARADA VILAS TEACHERS COLLEGE, K M PURAM, MYSORE-04**  
**REPORT ON SOCIALLY USEFUL PRODUCTIVE WORK (SUPW), 2024.**

The Socially Useful Productive Work (SUPW) is described as purposive and meaningful manual work, resulting in either goods or services which are meaningful to the society. Dr. Zonia Abraham, is the SUPW coordinator for the academic year. The SUPW is important in B.Ed curriculum as it bridges the gap between theoretical knowledge and practical application allowing the future teachers to develop deeper understanding of community needs, cultivate life skills and learn to integrate meaningful real-world activities into their teaching practice fostering holistic student development. It promotes teamwork and leadership qualities, improves self confidence, enhances practical skills, inculcates values and ethics, connects learning to real life and provides opportunities for creativity and innovations.

The workshop on Socially Useful Productive Work (SUPW) for the academic year 2024 was conducted on 28<sup>th</sup> November for the students of both I year and II year. A total number of 197 students from I and II year were involved in the workshop and the students were grouped into 7 batches and they worked in groups with cooperation and team spirit the whole day.

Smt. Saraswathi, resource person trained our students in using the sewing machine and in painting the notice boards. All students of both the years participated actively and enthusiastically for the whole day in the workshop getting hands-on experience and yielding fruitful results from the workshop thus resulting in its success.
